

Mountainview Medical Center
a community of caring

This notice is to inform you that Mountainview Medical Center has adopted new payment terms for accounts that aren't paid in full within 30 days of receiving a first statement.

- **Monthly payment amount is based on the total account balance (per patient) and where it is on the following tier. If your account balance goes up, your payment amount could increase as well.**

**Up to \$500 = \$25.00 per month payment
\$501 - \$1000 = \$50.00 per month payment
\$1001 - \$2500 = \$75.00 per month payment
\$2501 - \$5000 = \$100.00 per month payment
\$5001 and up = \$150.00 per month payment**

To keep your account current, you MUST make the adequate payment amount based on your total balance and where it falls on the above tier AND that payment MUST be received each month.

Not adhering to these terms could result in your account being placed with an outside collection agency for further collection actions.

The Hospital will provide financial assistance to persons or families where there is limited or no health insurance available or the patient fails to qualify for governmental assistance (for example, Medicare or Medicaid). To see if you qualify for financial assistance, please pick up an application for financial assistance at Mountainview Medical Center or on line at www.mvmc.org.

Mountainview Medical Center also accepts Care Credit payments. To find out more about applying for Care Credit go to www.carecredit.com/apply or call 800-365-8295.

Thank you for choosing Mountainview Medical Center.
